WORK TO SECURE MEDICAL AID FOR HEROES

American's Service Bureau Headquarters at Washington Urges Congress to Act

Washington Headquarters, Soldiers Service Bureau, Washington, Jan. 23.—Adequate hospital and medical treatment for discharged soldiers suffering from disease or sickness incurred while in the military service is one of the more serious problems demanding immediate action by Congress.

More than 24,000 soldiers, sailors and marines have been discharged from military service because of tuberculosis. Up to December 1, 1918, there were 56,000 cases of pulmonary tuberculosis, epilepsy and other nervous disorders reported among the military forces.

MANY MEN REQUIRE CARE

Every soldier past or present must be afforded government treatment and care. Many will require it. According to the provisions of the War Risk Insurance Act, sickness or injury incurred while in military service and not caused by willful misconduct, entitles the person or his estate to government hospital care free, but also to a disability allowance which is given according to the extent of the disability and the size of the disabled man's family.

It is further provided that the government's responsibility to the men of the military forces began when the men were accepted for military service by the draft boards.

Just how many men will require hospital or sanatorium care under the provisions of the law risk is impossible to determine at this time. Already, with amputation just begun, the War Risk Bureau has under medical treatment 17,241 beneficiaries.

AWAIT ACTION BY CONGRESS

The plan now awaiting action by Congress provides that all soldiers, sailors, marines and others discharged from military service with diseases or injuries will be afforded hospital and sanatorium care in the Marine Hospital System, United States Public Health Service. This arrangement follows a request of the director of the War Risk Insurance Bureau. The suggestion has been made that soldiers discharged from military service scattered throughout the United States should be sent to the Marine Hospital System, which is not likely that this will meet with the approval of the beneficiaries. Besides, most of the boys who have done their bit are anxious to get home, and many are surrounded by family and friends who would much prefer to be in hospital near their home or near a larger city.

PLAN TO ENLARGE HOSPITALS

The plan now before Congress would enable the United States public health service to enlarge the capacity of twenty marine hospitals from 1,433 beds to 2,300, and, in addition, to provide for 5,000 beds in new hospitals and sanatoriums to be built in various parts of the country. These are under consideration also for tuberculosis sanatoriums in New England, and in the mountains of Kentucky and in the West. The public health service now maintains a tuberculosis sanatorium at New Mexico.

The project was originally presented to Congress last September and is now before the sub-committee on the Senate Committee on Public Buildings and Grounds. It is understood that the public health service is prepared, immediately, to proceed as soon as the necessary appropriation is forthcoming.

Plans of Soldiers' Service Bureau to Aid Heroes

The purposes of the Soldiers' Service Bureau follow:

- 1.—To conduct a local bureau, with headquarters in Washington and with branches in each city where a Herald paper is published.
- 2.—To have the severe cases of courts-martial examined into to see if any injustice has been done and to fight for the righting of all wrongs that may have been done by courts-martial.
- 3.—To aid discharged soldiers in securing positions.
- 4.—To list employers ready to hire discharged men.
- 5.—To gain special medical attention for recently discharged men.
- 6.—To work for the rapid discharge of soldiers, with six months pay to advance.
- 7.—To help relatives find men in the service.
- 8.—To hurry the settlement of allotments and pay where delays have occurred.
- 9.—To provide information consistent with the nature of this department.
- 10.—To aid in the formation of associations of veterans of the great war, to list those formed and to assist them in working out their plans.
- 11.—To arrange lodgings for visiting service men.
- 12.—To give legal and seek personal aid where soldiers' families are threatened with dispossession proceedings.

ORDERED HOME

GLOBE THEATRE

The all-photoplay bill announced for the week at the Globe Theatre is replete with good promises of excellent entertainment for all motion picture fans. The first Boston showing will be given of Cecil B. De Mille's production, "The Sign of the Cross." The story concerns a couple who are newly rich, and while the husband has not changed his manner of living, the wife gives way to romantic notions while her love for him has been changed through her picture making of living. The other all-photoplay will present Constantine T. Pappas in "The Cross." There will also be shown some pictures and a new Mack Sennett comedy, "Never Too Old." The large orchestra which plays the accompanying music to the pictures has become a popular attraction.

COLUMBIA THEATRE

Margie Lester inaugurates a new policy at the Columbia Theatre in a daily change of photoplay program instead of the semi-weekly changes as heretofore. This does not mean in any way a change in the quality of

extent of entertainment offered, but merely is a move to provide a more varied list. At each performance there will be two full length photoplays, the new pictures and comedies. With the great number of photoplays available this move appears to be a beneficial one for the house patron.

A Sunday afternoon entertainment has been planned for soldiers and sailors in the Boston Theatre, to be given at 2:15 P. M. The entertainment has been given by the R. F. Keith Theatre, under the auspices of the Boston War Camp Community Service, through the generous cooperation of the Boston Motion Picture Association, Local No. 3, A. P. C. and the International Alliance of Theatrical Stage Employees, Local No. 11.

Admission is by ticket and no seats are reserved. Those may be secured free at the Boston Army and Navy Club, Boston Office, the United Service Club, No. 48 Boylston Street, Naval Service Club, Knights of Columbus Clubhouse, and the Y. M. C. A. R. of C. and Salvation Army Bazaar in Boston, Conn.
